

Take a Book, Leave a Book

Thanks to the skill and resourcefulness of volunteer **Ken Snyder**, we now have our own FREE LITTLE LIBRARY on the grounds as a community resource at the PPG. It's located near the South front gates.

Vintage & Handmade Market

On Sunday, June 5th we're hosting the big Chic & Unique Vintage Market - it takes up the whole site and draws in a few thousand people!

We are setting up a tour and info area in the Lodge Garage so we'd like to have some volunteers on hand to chat with visitors. The event runs from 11am - 4pm, and I'm sure you could work some shopping time into that mix!

Volunteer Pourers needed - Saturday, June 11th

Have you ever wanted to be a bartender? Well this isn't exactly that, you don't have to know how to mix fancy drinks or juggle items in the air, BUT you do get to pour samples of wine, beer and spirits.

The more volunteer POURERS that we can gather for the Packards & Pints event, the more donation revenue we can potentially generate for the Packard Motor Car Foundation.

This is a great way to volunteer once a year at the PPG that can work for those with the busiest of schedules and the best of intentions!

Look who's on the zero turn mower

Volunteer **Ethan Jackson** joins **Dante's** mowing team officially this past Wednesday. He's off to a great start with plenty of acres to practice on.

There are still opportunities for those that might like to help with edging and trim work. Yep, it's a great opportunity to work on your farmer tan out there in the fresh air and lovely scenery at the PPG. Reply to this email if you'd like to explore this further.

Who lived in the Lodge dorm rooms?

Longtime volunteer and local historian **Hilary Davis** consulted the 1930 census to discover that in fact there were three individuals that lived in the upstairs dorm rooms of the Lodge.

We have decided to stage four of the dorm rooms to reflect these findings.

Learn more in this [blog post by Emily Benoit](#).

Let the Staging Begin

We're on the lookout for original, vintage, historic pieces that will correspond with the intended designs of these dormitories. Although the vision for each individual room is not finalized yet, we'd like for three rooms to represent the inhabitants discussed here, with the fourth room staged as a guest room. We're hoping to procure the following items to assist in the staging process:

- 4 single (twin) beds, one for each room; preferably circa 1920s
- 3-4 small dressers; preferably circa 1920s
- Relevant furnishings appropriate to the period (e.g., small lamps, bedclothes, rugs, etc.)

If you're willing and able to support us in this endeavor, please reach out to the PPG. Any donations, tips, or other assistance would be gratefully appreciated!

Let there be Lights

Special thanks to long time volunteer **Dennis Olivieri** for donating his electrical expertise time and effort in upgrading the strands of lights in the Repair Garage + the first of three lights that will be restored to the front gates. (see the right image below) We just can't wait to see the lights back up there!

Grounds are Green & Blooming

Lots of hard work and effort goes into the PPG grounds. **Joannie** and her resourceful team purchase plants and materials with the returnable bottle funds that are left behind after events.

Tim & Pam Propst show up every week to mow and shape hedges, plant and water. Many of the plants onsite were taken from dividing the plants at their home. Plus as an added bonus **Pam** will sometimes bring in a vase full of flowers from her garden to share with us in the office. 🌸

Vanessa and her Mom Marie have recently joined this group, and they stop by to help with watering, which is no easy task. **Donna** has long been watering plants and keeping the flowers blooming. *(We think that she might also be talking to them, but we can't actually prove it)*
